

Escalate English

Summer school

is the perfect environment for growing the amazing potential of your English learners

If you are hoping to actively engage English learners who are conversant in English, but need to reach the next milestone—academic language proficiency—**Escalate English™** is your state-of-the art solution. This new, engaging program accelerates the confidence and language skills this group of ELs needs to actively comprehend and produce academic language by delivering:

- Language-rich, academically challenging experiences grounded in compelling text and multimedia.
- Discussion and collaboration skills.
- Authentic tasks across listening, speaking, reading, and writing.
- Rigorous, high-quality content that supports science and social studies standards, all accessible through state-of-the art scaffolding.
